TECHNICAL DATA

Product Description and Purpose

Foaming Hammer HD is the safest and most aggressive concrete equipment cleaner on the market. With **Foaming Hammer HD** you now get acid like power without the hazards. This amazing cleaner utilizes state of the art surfactant technology and small molecular size to penetrate deep inside concrete residues and react from within. This unique formulation makes it ideal for cleaning and maintaining formwork, tools, equipment, and vehicles. **Foaming Hammer HD** is a non-corrosive formula, which means that even sensitive engine components and radiators can be cleaned without fear of damage.

Features and Benefits

This Product does NOT contain muriatic, sulfuric, phosphoric, hydrofluoric, or hydrochloric acids. Because of the less corrosive nature, this product can be used on steel, aluminum, painted and plastic surfaces without any concern for etching or damage.

Foaming Hammer HD	acid based cleaners
Organic Salts and Surfactants	Contains Acid (HF, HCL)
Safe	Unsafe
No fumes	Toxic Fumes
Non-corrosive	Corrosive
100% Biodegradable	Hazardous Waste
No special labeling required	Special Labeling and Shipping required

Surfaces Applicable

Concrete

Foaming Hammer HD

Environmentally Green Non-Corrosive Concrete/Cement Eliminator Chemical

Effective

Foaming Hammer HD is our latest cleaning compound designed specifically to remove build-up from concrete hauling, handling and finishing equipment. Foaming Hammer HD is non-corrosive and biodegradable. Foaming Hammer HD has been formulated for “on-site” application. Equipment can be cleaned without fear of environmental hazards.

Safe

Foaming Hammer HD will keep vehicles and equipment looking new. Foaming Hammer HD removes concrete without damaging the paint. As a non-corrosive formula, even sensitive engine components can be cleaned without the fear of damage. It is safe on virtually all materials except concrete. Cables, wires and lights can be cleaned without damage.

Versatile

Use Foaming Hammer HD on ready mix trucks, concrete pump trucks, telebelts, aluminum and steel formwork and concrete equipment / tools. Badger Forms currently offers cases with (4) 1-gallon jugs, 5-gallon pails, 55-gallon drums and 275-gallon totes. Foaming Hammer HD is applied with a hand pump foaming sprayer or a wall mounted foaming sprayer.

Simple

One application of Foaming Hammer HD will remove light build-up. Moderate to severe build-up may require regular applications over a period of days. Foaming Hammer HD can be applied with a 2-gallon hand held, pump up, foaming sprayer or a wall mount foam applicator in which an air hose and water line will be needed to blend and dispense the foam on equipment or vehicles.
